# Conglomerate Teams   (2024)

What is Conglomerate Team Functionality?
A conglomerate team is a convenience for Teams who manage their teams together for registration, practices, racing, etc.

Each Conglomerate Group has a CCN 'CLUB / TEAM SEASONS' Entry that includes each team in the conglomerate for a given Season. Use the 'CLUBS TEAM SEASONS' Link on the Team Dashboard to access.

The Conglomerate Team Season is structured like a listing of Events.
- It supports viewing of all registrants across the conglomerate.
- It Shows all-team totals and metrics (registrations, demographic splits) Team dashboards can be accessed either individually or as members
- Conglomerate (Season) Reports include the entirety of the Conglomerate Team

Opton for a Conglomerate One-Time-Waivers Series: A Team CCN Admin can create a series, similar to a 'Team Season' that includes all the Conglomerate's One-time Waivers – resulting in a single 'series' report that shows all signed waivers across the Conglomerate. Team events such as 'Try it Out's can also be grouped in this manner, using a Series.

Normally, when a team is created, A One-Time Waiver Event is created for each team. Click on 'Create New Series' to begin the guided process.

FAQ's

- **Why can't I see all the teams in my Team Season?**
  - o The Team Admins need access to all the teams in the Team Season.. Contact info@minnesotacycling.org for assistance.
- **Does each team in the Team season group need to be set up separately?**
  - o Yes. Each team stands alone, has a separate setup, including a Pass-code, fee, team registration form, etc. These teams can use a common WePay Account. Each team can be accessed separately via the Clubs/Team Option on the Dashboard, or via the list of teams viewed in the Conglomerate.
- **Do Individual Teams have a Team Season?**
  - o No, Individual team can be accessed separately via the Clubs/Team Option on the Dashboard.
- **How do you register for a conglomerate team?**
  - o Athletes and Coaches will register normally for their individual team
- **Which of the teams do coaches register for?**
  - o The Head Coach determines whether team coaches are assigned to a specific team or float across the organization. If the coach floats across teams, they can register for one team of the Head Coaches' choosing.
- **What if a team member is registered for the wrong team?**
  - o Contact info@minnesotacycling.org with the name of the individual, the incorrect team name, and the correct team name.
- **Where do I find the Conglomerate Setting for my Team?**
  - o Check the Listing Page for each team to view the Conglomerate Setting checkboxes for the team. Conglomerate Identifiers use a common acronym or were created based on the team composition.
- **Why would Conglomerate Groups need to be changed?**
    Conglomerate Groups may split, teams may split or merge with other teams, etc. Their conglomerate settings should reflect the current season's grouping.
- **What do I do if the Conglomerate Groups need to be changed?**
  - o Contact info@minnesotacycling.org to add/change/or delete any part of the grouping.
- **Do Conglomerates Affect Division, Callups, Scoring?**
  - o There is no impact on a team or the athletes that are part of a conglomerate group. Each team is assigned a division based on counts of athletes.
- **What else is Conglomerate Name Used for?**
- The name is used for tent space assignment, medal/trophy distribution and more.
